

MONARFLEX SCAFFOLD SHEETING ATTACHMENTS & ACCESSORIES

Commercial Product Data Sheet

SHEETING ATTACHMENTS

Anchor & Strap

This two-piece flexible attachment consists of a specially designed, user-friendly piercing anchor, which together with the strong, rubber-based strap ensure an exceptionally strong and flexible hold to the scaffolding. It is the ideal attachment to use when high wind protection is required.

Flexitie

Flexitie is the strong and flexible standard scaffold sheeting attachment. This all-inclusive attachment contains both the strap and clip as one piece.

Monostud

The Monostud attachment system provides watertight protection. Used in combination with a cable tie, the Monostud is mounted through the grommet, on the outside of the sheeting, and secured tightly to the scaffolding.

Cable Tie

Cable Ties, used in conjunction with the Monostud, form a tight seal of the scaffold sheeting to the scaffolding. Cable Ties attach the Monostud, through the grommets, to the scaffolding for a tight assembly with a clean finished appearance.

SHEETING ACCESSORIES

Monobond Tape

Monobond Tape is double-side adhesive tape used to secure overlapping Monarflex membranes.

Door Panels

Door Panels allow easy access to a scaffold sheeting protected jobsite where controlled conditions or containment is ongoing. The panels use zippers, which maintain the integrity of the jobsite protection, while allowing access to the enclosure. Available only in Flamesafe sheeting.

Door Panel: 39 in x 84 in - Opening: 23 in x 67 in

PRODUCT	QTY/ PKG	BREAK STRENGTH (LB)
Anchor & Strap	100	165

Limited Warranty

Siplast warrants this product to be free of material defects only at the time of shipment from our factory. If any Siplast materials prove to contain such defects that substantially affect their performance, Siplast will, at its option, replace the materials or refund its purchase price.

This limited warranty is the only warranty extended by Siplast with respect to this material. There are no other warranties, including the implied warranties of merchantability and fitness for a particular purpose. Siplast specifically disclaims liability for any incidental, consequential, or other damages, including but not limited to, loss of profits or damages to a structure or its contents.

The dollar value of Siplast's liability and buyer's remedy under this limited warranty shall not exceed the purchase price of the Siplast materials in question.
