

**USES:
ROOFING FASTENER**

PARAFAST® METAL PLATES

Commercial Product Data Sheet

Parafast Metal Plates are stamped from Galvalume® coated steel. The design provides an even distribution of loads and eliminates sharp corners that can damage the rigid insulation or membrane. Parafast Metal Plates are designed to be used with Parafast Fasteners.

Contact Siplast for information on approved product uses.

PRODUCT INFORMATION

Application

Refer to the applicable Siplast Technical Guide for detailed application information.

Storage and Handling

All Siplast roofing products should be stored upright on a clean, flat surface out of direct exposure to the elements. Material should be handled so that it remains dry prior to and during installation.

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.
