

PARAFAST® RHINOBOND PLATES

Commercial Product Data Sheet

USES:
PARASOLO ACCESSORY

Parafast RhinoBond Plates are manufactured from Galvalume® coated steel and coated with PVC or TPO to allow for induction welding of Parasolo PVC & TPO membranes to the installed plate.

Contact Siplast for information on approved product uses.

PRODUCT INFORMATION

Application

Refer to the applicable Siplast Technical Guide for detailed application information.

Storage and Handling

All Siplast roofing products should be stored upright on a clean, flat surface out of direct exposure to the elements. Material should be handled so that it remains dry prior to and during installation.

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.
