

PARASOLO™ KEE UNIVERSAL CORNER

Commercial Product Data Sheet

Parasolo KEE Universal Corners are formed from unreinforced PVC KEE and are used for flashing both the inside and outside corners of base and curb flashings.

Contact Siplast for specific approval on product uses.

PRODUCT INFORMATION

Color:	White
Membrane Thickness:	55 mils (1.4 mm) (nom.)
Dimension:	3" x 3" (76 mm) plus flange

Application

Refer to the applicable Siplast Technical Guide and Siplast PVC Detail Manual for detailed information on application of Parasolo PVC KEE Universal Corners. Parasolo PVC KEE Universal Corners can be used in conjunction with both Parasolo and Parasolo KEE membrane systems.

Storage and Handling

All Siplast roofing products should be stored on a clean, flat surface out of direct exposure to the elements. Material should be handled so that it remains dry prior to and during installation.
