### PRODUCT INFORMATION

#### Application

Refer to the applicable Siplast Technical Guide and applicable Siplast details for information on the application of Parosolo TPX Detailing Membranes.

#### Storage and Handling

All Siplast roll roofing products should be stored on a clean, flat surface. All roofing products should be stored in a dry place out of direct exposure to the elements. Material should be handled so that it remains dry prior to and during installation.

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.
