

PARASOLO® TPX SQUARE TUBE WRAP

Commercial Product Data Sheet

Parasolo® TPX Square Tube Wraps are fabricated from reinforced Parasolo TPX and are used in flashing of square or rectangular tube penetrations. Parasolo TPX Square Tube Wraps include stainless steel clampings for the top of the flashing. Three standard sizes are available, with custom sizes available on a special order basis.

Contact Siplast for information on approved product uses.

PRODUCT INFORMATION

Application

Refer to the applicable Siplast Technical Guide and applicable Siplast details for information on the application of Parasolo TPX Square Tube Wraps.

Storage and Handling

All Siplast roofing products should be stored on a clean, flat surface. All roofing products should be stored in a dry place out of direct exposure to the elements. Material should be handled so that it remains dry prior to and during installation.

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.
