

PC-227 FABRIC

Commercial Product Data Sheet

PC-227 Fabric is a stitch-bonded polyester fabric reinforcement specially designed for use in conjunction with PC-227 Elastomeric Coating Systems.

Contact Siplast for information on approved product uses.

USES:
PC-227 FABRIC REINFORCEMENT

PRODUCT INFORMATION

Color	White
Roll Weight	3 oz/yd ²
Roll Length	40 in (1.02 m)
Roll Width	324.8 ft (99 m)
Coverage	1080 sq ft (100 m ²)
Shelf Life	Indefinite with Proper Storage

Application

Refer to the applicable Siplast Technical Guide for detailed application information.

Storage and Handling

All Siplast roofing products should be stored on end on a clean, flat surface. Rolls should not be dropped on ends or edges or stored in a leaning position. Deformation resulting from these actions will make proper installation difficult. All roofing products should be stored in a dry place out of direct exposure to the elements and should not be double stacked. Material should be handled so that it remains dry prior to and during installation.

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.

Packaging

Rolls Per Pallet: 25
Roll Weight: 29 lb (13.2 kg)
