

PRO THIXO

Commercial Product Data Sheet

Pro Thixo is a liquid additive that increases the viscosity and sump/flow resistance of Parapro, Terapro and Pro Resins for sloped applications.

Contact Siplast for specific information on approved product uses.

USES: LIQUID ADDITIVE

Color	Clear
Mixing Ratio	Varies by application; Never to exceed 1% (by weight)

PRODUCT INFORMATION

Application

Refer to the applicable Siplast Technical and Installers Guide for detailed application information, including mixing ratios for specific products based upon unique project conditions.

Storage and Handling

Store indoors in well-ventilated, cool, dry area away from heat, open fire, ignition sources, direct sunlight, oxidizing agents, strong acids, and strong alkalis. Do not store below 32°F (0°C). Store jobsite materials on pallets in shaded, well-ventilated area. Standard shelf life is 12 months; shelf life will be reduced when stored at temperatures above 77°F (25°C).

See product packaging and the Safety Data Sheet for specific information on the safe handling of this product.

Packaging

Packaging: 1L (2.20 lb) resealable metal container
